Using Chromebooks to present work:
*We can locate the letters on the keyboard to write short words and phrases.

*We can locate and use the Enter, Full Stop, Space Bar and Shift Keys.

*We can name our work and save/load work from the Cloud.

*We can insert pictures, text boxes and new slides.

*We can edit text to change the size, colour and font.

*We can organise our information for presentation and share our work with others.

*We can program animations and transitions between slides.

National Curriculum:

Select, use and combine a **variety of software** (including internet services) on a range of **digital devices** to design **and create** a range of programs, systems and **content** that accomplish given goals, including collecting, analysing, evaluating and **presenting data and information.**
