

All Saints Primary School

Weekly Parent Email

W/E 25th May 2022

Dear All,

Year 6 have had arrived back from their residential earlier today. They were collectively exhausted and full of stories and recounts about activities. They had a fantastic time and we are delighted to be able to run such residential again. Many thanks to the staff who made the trip possible and so enjoyable for the children.

Jubilee celebrations are taking place tomorrow. Weather permitting, the highlight will be an outdoor picnic lunch. Many thanks to ASSA who have purchased a small gift for all pupils to help them remember the occasion.

Today, we have held some interviews and I am delighted that we have appointed some high-quality staff as an addition to our team from September. On a less bright note, Mrs Cook is leaving our team tomorrow. We would like to wish Misha and her family the very best of luck for the future.

Finally, there is much work going on over half term. This includes some internal works for the decarbonisation project and also our very own Paul Cuff is installing a running track / nature trail around the perimeter of the field. By the way, our solar panels are now generating electricity and thus saving the school money and also reducing our carbon footprint.

The Wurzels – Saturday 11th June

The Wurzels tickets are now going fast. Please support the ASSA (our PTA) by buying your tickets.

Swimming Pool Money

Please pay your donations if you haven't already done so. Daily swimming for all starts on Tuesday 7th June.

Bishops Caundle Church Service (Please see poster attached)

There is a special Family Communion service taking place on Sunday 29th May @ 10am at Bishops Caundle Church led by the Archdeacon of Sherborne. It would be great to see as many All Saints families there as possible so please do go along and support our local church

Have a great half term,

Nigel
