School Vision:

# ***‘Nurturing hearts; Inspiring minds’***

***“Let your light shine”*** Matthew 5:16

**At All Saints, by nurturing hearts and inspiring minds, we encourage all pupils to shine in everything they do.**

## **1 . Aims and objectives**

1.1 At All Saints Primary School we strive to create a learning environment which promote respect, diversity and self-awareness and equips all of our pupils with the knowledge, skills, attitudes and values they will need to succeed in their future lives.

1.2 The curriculum provides a wide range of artistic, sporting and cultural opportunities that encourage pupils to work together and use imagination in their learning. Activities are planned that require pupils to reflect and empathize with others as well as giving them the confidence to provide their opinions and develop their own view points. Teachers outline the areas in which they will meet SMSC objectives in a termly SMSC planning outline. We use the Values for Life materials across school and closely link SMSC with our PSHE scheme of work.

## **2 . Spiritual Development**

### **2.1 Definition**

Spiritual development focuses on an individual’s own personal beliefs and values and their resulting behaviours. Through spiritual development, children are able to understand their own feelings and emotions and this enables them to reflect and to learn.

### **2.2 Our learning environment and curriculum**

Curriculum opportunities enable pupils to:

- Be curious and to express feelings of delight and wonder, (scientific investigations, new life, the global landscape)
- Empathise and consider the viewpoints of others, (debates, drama activities, discussing feelings and empathising with characters in familiar stories)
- Consider how a belief can change people’s lifestyles, (R.E, investigating communities and faiths, historical case studies)
- Discuss what they think they have achieved and what they need to do to be successful in the future, (self-assessment, target setting activities)

## **3 . Moral Development**

### **3.1 Definition**

Moral development means exploring, understanding and recognising shared values and considering the issues of right and wrong.

### **3.2 Our learning environment and curriculum**

The classroom environment and curriculum promote moral development through:

- Clear and consistent rewards and sanctions that children understand and believe to be fair.
- Class and school assemblies that discuss moral values and cite expectations.
- Activities that enable pupils to give opinions and show their values.
- Discussing the choices made by the pupils and others and the resulting outcomes, character studies, studies of historical figures).
- The values of 'Justice' and 'Forgiveness' are explicitly taught and modelled throughout the school

## 4. Social Development
